

Request for Findings Report for Septic Systems & Wells

WLS-025

Purpose

This application is used to request a Findings Report from the Permits and Resource Management Department (PRMD) Well & Septic Division regarding an existing septic system and/or well. Following a visual inspection of the existing septic system and/or well and a review of PRMD file information, Well & Septic Staff will prepare a Findings Report. The Findings Report will determine the condition or status of an existing septic system, the well head, and the bacterial quality of the domestic water supply.
